Joining & Reporting Details
- **Joining Date:** 16 February 2026
- **Reporting Time:** 10:00 AM
- **Reporting Location:** Sarita Vihar, Delhi, India

Scope of Work

During the course of your internship, you will work closely with senior engineers and operations teams on live systems. Your exposure will include:
- Supporting Linux-based systems and cloud infrastructure hosted on AWS
- Assisting with infrastructure automation using tools such as Terraform, Ansible, and Python
- Observing and contributing to CI/CD pipelines and deployment workflows
- Monitoring system performance, availability, and security events

This role emphasizes learning through real operational responsibility under expert supervision.

Stipend & Compensation

For the duration of the internship, you will be paid a consolidated stipend of: **₹22,500 per month** (Rupees Twenty-Two Thousand Five Hundred Only) The stipend will be disbursed monthly, subject to regular attendance and satisfactory performance.

Professional Expectations

As part of Flexis IT, you are expected to:

- Adhere to company policies, security guidelines, and confidentiality standards
- Maintain professional conduct and discipline at the workplace
- Be proactive in learning and executing assigned tasks
- Manage responsibilities independently with guidance from mentors

Confidentiality & Information Security

During this internship, you may have access to sensitive client systems, infrastructure details, and operational data. All such information must be treated as strictly confidential and must not be disclosed during or after the internship period.

Completion & Future Consideration

Upon successful completion of the internship term and based on individual performance, learning outcomes, and business requirements, Flexis IT may extend one or more of the following:

- An Internship Completion Certificate acknowledging successful participation
- A Performance-Based Letter of Recommendation highlighting technical and professional contributions
- Eligibility for a Performance-Based Pre-Placement Offer (PPO) for suitable full-time roles, subject to internal evaluation and role availability
- Opportunity for internship extension, if additional project requirements exist
